

Autumn Term 2023

### Topic- The Earth in Space

This project will develop student understanding of the "Space Race" and how our world fits into the solar system

Students will have the opportunity to:

- find out about the history of space travel
- learn about the cultural and scientific developments this led to
- reflect on how different views can be presented

### Foundation Subjects

In Science we will be investigating the Earth in space and forces and motion

In Understanding of the World/Humanities we will be learning about significant people and events associated with the "Space Race"

In Arts we will be looking at Starry Night by Van Gogh and depictions of the sky and the music of David Bowie

In Design & Technology we will be designing and building moving models and flying rockets.

In RE we will be discussing beliefs and values and consider exploring religious symbols. We will discuss an introduction to marriage and wedding ceremonies.

In PSHEE we will be investigating individual needs through personalised learning opportunities through Jigsaw.

### Key Dates

- Parents and Carers Forum- 27th September 9:15- 10:30
- Macmillan Coffee Morning- 29th September 9:30-11
- National Poetry Day- 5th October
- World Mental Health Day- 10th October
- Autumn Term Reports:  
Friday 20th October
